

Thank you for donating to Medic Mobile. We are not able to send a “deduction value” for your donation due to the large amounts of donations we receive (which we are so grateful for!). Generally speaking, older items will not warrant a tax deduction (but still can be recycled). Please consult your tax professional regarding value determination for tax purposes. The IRS requires the following information for tax deductions of \$250 or less. Please fill in the information indicated below and retain this for your tax records. Again, thank you for supporting our mission to help health workers around the world.
